

A 'MARVEL'-OUS MIXTURE OF COFFEE, COMICS, AND COMMUNITY

Comic Book Coffee is a fun, cartoon-loving community celebrating—as the name says it—coffee and comics together. Paying homage to classic comic & pop-art designs, each bag of coffee will feature varying strips of comics on the back. While here, customers can browse shelves and rotating racks of comics for free, and reminisce with their friends. Finally, as pictured, the transparent-glass tables will feature comic book sequences underneath.
